**With apologies to Woody Allen...
Everything you wanted to know about
Pig and Porter but were afraid to ask.**

Are you brewers or event caterers?

Both. We brew our own beer and offer a full event catering service.

Do you cater for vegetarians?

Yes we do, but we recognise that vegetarian options don't always work well on a bbq so expect to see curries and flatbreads too.

Where can you buy our beer?

In good beer pubs throughout the South East. Follow us on Facebook, Twitter and also our blog to be kept up to date.

Where do you brew your beer?

We currently brew at Downlands Brewery (@dlbrewery on twitter) near Brighton

Which areas do you cover?

The South East, Kent, Sussex, Surrey, London but we may be tempted elsewhere – it's always worth asking.

What sort of events do you cover?

Weddings, outdoor parties, private parties, barn dances, corporate events, shoots, point to points; basically any private outdoor event.

What is the minimum number you cater for?

40

Do you only sell your beer on your bar?

No we have guest beer, wines, spirits and an extensive range of soft drinks
